Some of our leadership programmes

GenerationQ

Generation Q is a fully-funded part time leadership and quality improvement programme. The programme is designed to equip Fellows with the skills and techniques to drive forward and influence improvements across services and organisations.

Quality Improvement Fellowships

Our previous Quality Improvement Fellowships programme aimed to build a cadre of clinically-qualified leaders with the enthusiasm, experience and skills to champion the spread of improvement in healthcare

Sciana: The Health Leaders Network

Sciana: The Health Leaders Network is a new initiative bringing together outstanding leaders in health and health care policy and innovation across Europe

Our work on networks

Expertise of those building and running networks combined with theory and knowledge about what networks need to succeed

Describes the component parts of successful improvement networks - 5C Wheel, a framework for developing networks and diagnostic tool

*Q initiative UK wide network of improvers
Partnership with NHS Improvement,
q.halth.org.uk*

What are networks?

‘Networks usually form when there is a need that cannot be addressed through conventional systems and structures’

A co-operative structure where interconnected groups or individuals coalesce around a shared purpose on the basis of trust and **reciprocity**

Rely on cooperative social connections between their members

Why are networks important?

3Es

EXPERIENCE

EXPOSURE

EDUCATION

*Networks, communities,
mentoring, coaching,
action learning*

How can networks support leaders of improvement?

Resilience

Improvement can be hard

Shared know how

Our world is siloed

How can networks support leaders of improvement?

Many complex challenges

Pooled intelligence

Resilience

Shared know how

*“When QI initiatives work, they often do so because **practical wisdom** is deployed both in the design and running of the programme”*

Mary Dixon-Woods
