

RAW

WORKSHOP

When someone tells you it can't be done, it's more a reflection of their limitations, not yours.

Bees need a hive. Humans need a tribe.

- RAW is a tribe providing identity, loyalty and an opportunity to be part of something special.
- A place where you're valued on ability, not limitations. Proud, positive self-definition: 'I'm part of RAW'.
- We have a point to prove. We're driven, maverick and relentless in our mission. *"...disruptive punk pirates..."*
- Combats isolation and loneliness. New social circles formed and friendships made
- Positive activity provides significant psycho-social, mental health and physical health benefits for everyone
- People who are positively engaged/employed create less demand on care/clinical/blue-light services
- General well-being levels rise (NB mental health, sleep, appetite, positive thinking)
- Distraction/breathing space from self-orientated thoughts/feelings
- Routes into employment. Create a track record based on exceptional ability.
- Trading successfully and creating more opportunities every month
