

Thames Valley Cancer Alliance Early Diagnosis QIS Toolkit

– Putting it into practice

How to use this toolkit

This toolkit has been developed to help GP practice teams to deliver the TVCA GP Quality Improvement Scheme for 2018-19. The toolkit is a resource for all GP practice team members, both clinical and non-clinical, and the intention is to make relevant information easily accessible within your practice. Below is an index for the toolkit, if you click on a section heading below, it will take you to the relevant place in the toolkit.

How to ...

- [rebook a breast or cervical screening appointment](#)
- [order a new bowel screening kit](#)

Practices should prior notification of the screening round 6-8 weeks in advance.

Bowel:

To order a bowel screening kit, call Freephone 0800 707 6060

Breast:

- Appointments can be rebooked even if the mobile unit is not in your area.
- To arrange, contact your local number
- Aylesbury & Wycombe 01494 425689
- West Berkshire Screening Service 0118 322 8282
- Oxford Breast Imaging Centre 1865235621

Cervical:

- Cervical screening samples are taken at the patient's practice. Appointments are booked with the practice .
