

Psychiatry for GPs study session

Thursday 24 January 2019

13:00 (registration from 12:30)—17:00

**Green Park Conference Centre, 100 Longwater Avenue
Green Park, Reading RG2 6GP**

About this session:

A half-day session for GPs focused on acute psychiatry presentations in a primary care setting.

The sessions will feature short talks from expert speakers and will focus on presentations encountered regularly by GPs. It will also include further training opportunities and resources to use in clinical practice.

The event has incorporated feedback from previous events and includes the topics below as requested by the GPs who attended.

- Improving Access to Psychological Therapies
- Personality Disorder
- Managing Children and Young People's Mental Health
- Social Prescribing for mental health
- Depression and Anxiety in Older Adults

Join GP colleagues to hear from expert speakers and join the discussion. Places are likely to fill up fast so please register today at the following link:
