

# Psychiatry for GPs study session

**Tuesday 12 March 2019**  
**13:00 — 17:00 (registration from 12:30)**  
**Adams Park Conference Centre**  
**Hillbottom Road, High Wycombe HP12 4HJ**

## About this session:

In collaboration with the University of Oxford, Thames Valley SCN is pleased to present a half-day session for GPs focused on psychiatry presentations in a primary care setting.

The session will feature short talks from expert speakers and will focus on presentations encountered regularly by GPs.

**The event has incorporated feedback from previous events and includes the topics below as requested by the GPs who attended.**

- Antidepressants for depression
- Perinatal mental health
- Eating Disorders
- CAMHS services update
- Physical Health of those with Serious Mental Illness
- Driving assessment and Dementia

**Join GP colleagues to hear from expert speakers and join the discussion. Places are free and likely to fill up fast so please register today at the following link:**
