Flow Sheet
The flow sheet is a useful way of seeing trends in data such as height, weight, test results, doses administered, toxicities and performance status.

Click flow sheet

Select date range
Choose the data you want to see.
Select rows to create graph
To create a graph, highlight the data you wish to appear and then click the graph icon.

Always check [http://tvscn.nhs.uk/networks/cancer/cancer-topics/chemotherapy/](http://tvscn.nhs.uk/networks/cancer/cancer-topics/chemotherapy/) or via Applications in Aria, to ensure most recent version is being used.
You can choose the type of graph you wish to see.
