The Government response to the review of Choice in End of Life Care (EoLC) "One Year on":

This report sets out the progress the National End of Life Care Programme Board has made in implementing the government's [choice commitment](#).

Access the Report [here](#)

"Skills for Health" offers a training pack to support the delivery of education in EoLC:

This pack called 'Working together: Improving EoLC through better integration' has been developed to increase awareness and understanding of the importance of working together to support people at the end of their lives. Access the training pack [here](#)

Working together in partnership to improve quality and care at the end of life in the Thames Valley

End of Life Bulletin October 2017

NHS website "Contact Help Advice and Information Network (CHAIN)": is an online mutual support network of people working in health and social care. It is designed to connect like-minded health and social care practitioners, educators, researchers and managers. You can register [here](#) if you are willing to share experience and aspirations, and being prepared to respond to other members' questions.

For more information, access the website [here](#)

National Voices releases a report on "Person-centred care in 2017":

This snapshot demonstrates the extent of person-centred care, based on how people report their experience of treatment, care and support. This data is based on surveys of patients and service user's opinions & if experiences are now different.
